

CS101 Quiz 2 - Answers

During Quiz:

- NO NOTES

1. (3pts) What will the following java code print to the terminal?

```
public class printStatements {  
    public static void main(String[] args) {  
        System.out.println("backslash:\\");  
        System.out.println("quote:\"");  
    }  
}
```

|backslash:\ _ _ _ _ _ → a backslash is printed at the end

|quote:" _ _ _ _ _ → a double quote is printed at end

| _ _ _ _ _
| _ _ _ _ _

2. (2pts) What is the binary number 0110 in decimal?

6

3. (2pts) What is the minimum number of binary digits needed to represent all of the months of the year?

4 → 4 digits gives 16 options, which is enough to account for 12 months

4. (1pts) What color is (0,255,0) in RGB? Circle one:

White	Black	Gray
Red	Green	Blue
